OFFICE OF LEGISLATIVE COUNSEL

Thursday - 4 March 1965

STAT	In connection with the question raised by Representative Lipscomb and Michaele earlier this week at the Agency. The question had to do with reported testimony that DIA was planning their own secure communications system. Mr. Michaels stated this point was discussed by General Carroll in testimony before the Defense Subcommittee. He suggested that we await the return of the transcript from the Pentage where it is currently being edited. At that time he would let us review the transcript and he thought that possibly the editing process itself saight be enlightening to us. This will be followed up.
STAT	Mins for the letter of approval on our early retirement regulations signed by Rivers and Bates. I also furnished him information on our patent clauses in connection with a special project.
STAT	Talked with Representative Wendell Wyatt making agrangements to meet with him next week in view of his strong interest in leasuing semething about the Agency.
STAT	Services Committee staff, who advised he would attempt to get Senator Russell's signature on a letter approving our regulations within the ment few days. If he is unable to reach him, since the Sucator plans to go south for a rest as soon as he leaves the hospital, Braswell stated he would ask Senator Stenate to sign as Acting Chairman with Senator Saltonstall. He happed to do this early next week.
